

Metro Vehicle Hire Endorsement Guide

Metro Vehicle Hire prides itself on how easy our customers find it to book a vehicle, but as with all hire companies we must adhere to rules set out by our insurance company. Please find a guide below designed to advise our customers of our acceptable license endorsements ('Points on your license' as they are more commonly known). These endorsements can be found on the paper counterpart of your driving license.

All drivers must be of the age 25 or over and have held a full license for a minimum of 2 years. This license must be valid to use within the UK. Hopefully the table below will help give you a better understanding of our license terms, but if you're not sure then feel free to ring our office for advice on 01914603344.
